The Drug-Free Schools and Communities Act and Drug and Alcohol Abuse Prevention Regulation specifies that no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless the institution certifies to the Secretary that the institution has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. The Conservatory of Recording Arts & Sciences (CRAS) has implemented a drug abuse and alcohol prevention program and policies to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

CRAS is committed to providing a drug free environment. Any type of drug use, including alcohol, is dangerous and potentially life threatening. Drugs and alcohol adversely affect the body, mind and behavior. The effects vary from person to person and from usage to usage. Even low doses of drugs and alcohol can impair judgment and coordination. If you use drugs or alcohol, you risk overdose, accidents, dependence, ill health, as well as legal, financial and personal problems. The federal laws against drugs are divided into two categories: possession and distribution. The penalties are severe depending upon the type of drug, quantity of the drug, and any prior offenses. Possession will earn up to one year in prison and a $5,000 fine. Distribution will earn up to life in prison and an $8 million fine.
1. Policy Statements

a. Employees

CRAS requires that its employees refrain from the use of alcohol and illegal drugs, including marijuana, in the workplace or at any school events. Employees may not report to work with illegal drug (or their metabolites) or alcohol in their bodily system. The nature of the services that we provide as well as our school philosophy demands that there be strict adherence to this policy.

The unlawful manufacture, distribution, dispensation, possession, or use of drugs and alcohol is prohibited on all properties occupied by CRAS, including parking lots, and restrooms. This policy also extends to any site, which might be in use for an official school function such as, but not limited to, graduation, picnics, parties and other celebrations.

Illegal drugs are any drug that is not legally obtainable under state or federal law or that is legally obtainable but has been illegally obtained. This includes, but is not limited to, the following substances:

1. Narcotics – opium, heroin, morphine and synthetic substances
2. Depressants – chloral hydrate, barbiturates and methaqualone
3. Stimulants – cocaine and cocaine derivatives, amphetamines, and methamphetamine
4. Hallucinogens – LSD, mescaline, PCP, peyote psilocybin, MOMA, ketamine and ecstasy
5. Cannabis – marijuana and hashish. This includes the use to marijuana for medical purposes.
6. Inhalants – solvents, gases and nitrates

Employees who violate this policy will be subject to the following courses of action:

1. Counseling and/or;
2. Rehabilitation and/or;
3. Immediate termination.

In accordance with the College’s policy as stated in the Employee Handbook, the College may require employees to submit to a drug or alcohol test if the College has reasonable suspicion that this policy has been violated.

b. Students

The Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) requires CRAS to adopt and implement a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. CRAS prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students on CRAS’s property or during any CRAS activity on or off campus. In addition to this, certain prescription medications that can alter one’s ability to make critical thinking decisions are therefore prohibited. Questions on these medications can be directed to the Administrator for further clarification. If any student is suspected of drug or alcohol use or abuse, CRAS reserves the right to request drug/alcohol testing and/or counseling. In addition, actions up to and including termination of enrollment may ensue.
2. Legal Sanctions for possession or Distribution of illicit drugs and Alcohol
   a. Federal

b. Arizona

In addition to the Federal laws, the State of Arizona has its own laws dealing with controlled substances.

On November 30, 2020, Proposition 207 was certified allowing Arizonans 21 years and older to legally possess up to one ounce of cannabis. However, Federal law does not allow possession, use or being under the influence of any drugs or alcohol on all properties occupied by CRAS. While waiting on additional guidance from the State of Arizona, we will continue to identify the Arizona Revised Statutes related to illegal drug use.
